Requesting Prior Authorization Information

Providers will need to use [Authorization Manager](#) to submit initial authorization requests for musculoskeletal services. Authorization Manager, available 24/7, is the quickest way to review authorization requirements, request authorizations, check existing case status, and view/print the decision letter. For commercial members, your requests must meet InterQual® criteria and our medical policy guidelines. Requests for Medicare Advantage members must adhere to CMS guidelines.

To ensure your request is processed accurately and quickly:

- Enter the facility's NPI or provider ID for where services are being performed.
- Enter the appropriate surgeon's NPI or provider ID as the servicing provider, *not* the billing group.

For more helpful tips, see our [Authorization Manager User Guide](#).

- Refer to our [Authorization Manager](#) page for tips, guides, and video demonstrations.
